### Glaze Definition

All our *craquelé* are deliberately induced, usually known as *artistic craquelé*.

### Glaze Variation

Glaze and texture variation is rated as follows:

**Low** - tile can vary slightly

**Moderate** - tile can vary slightly to moderately

**High** - tile can vary significantly

**Very High** - tile can show a large variation

### Long Term Crazing

According to Determination of Crazing Resistance test results, EN ISO 10545-11 / ASTM C 424-93.

### Pools, Lakes and Fountains

According to Determination of Crazing Resistance test results, EN ISO 10545-11 / ASTM C 424-93; according to Determination of Chemical Resistance test results, EN ISO 10545-13 / ASTM C 650-04.

### Exterior Facades

According to Determination of Frost Resistance test results, EN ISO 10545-12 (limit at - 5°C).
